eConnect EV charging cable.

Mode 3 | Type 2

Premium charging cables made for performance, durability and unmatched user friendliness in any conditions. eConnect cables can be used to charge all vehicles with a Type 2 interface.

Made for Nordic conditions: eConnect cables remain soft and flexible, even in severe cold.

User-friendly: eConnect cables are lightweight and have plugs with universal ergonomic design.

Durable: Our robust cables and terminals are made for long term use.

Smart cap: The retractable cap prevents it from collecting water and dirt during charging and from bumping into the car.

Environmentally friendly: Our cables and plugs are fully recyclable.
